Invacare® Top End® Force™ RX Handcycle

Product Description:

The Invacare® Top End® Force™ RX Handcycle is the latest competitive handcycle to join the Invacare Top End Force Handcycle series. The Force RX handcycle delivers hypersonic speed in a lightweight, adjustable and sleek aerodynamic package.

About New Smart Forms:

Top End is excited to introduce a new way to order Top End products. Our new Smart Forms provide an easy and electronic way to fill out order forms, save copies, and submit them via e-mail. Please see below for the features and useful information. Please see below for the features and useful information. Please note that because of the many upgrades available on our Invacare® Top End® Force™ RX Handcylce, the base price does not include wheels or components. The standard selections are set as the default for your convenience and the overall price will be adjusted accordingly. This will allow you to build your Invacare® Top End® Force™ RX Handcycle exactly how you want it!

How to use:

- Use any Adobe Acrobat application to electronically fill out the order form
- Use the default selections to order a product with the most common configuration
- Use the **"Reset"** button located in the forms footer to reset selections to their defaults
- Use the **"Clear All" button** located in the forms footer to clear selections, including defaults. This feature allows for a blank order form to be printed and completed by hand
- Use the **"E-mail to Top End order box"** button located on the last page of the form to e-mail the completed form directly to the topendorders@invacare.com e-mail inbox
- Forms can be completed electronically, printed, and e-mailed or faxed to topendorders@invacare.com or 727-522-1007 if access to Acrobat Reader for Windows is unavailable

  (Acrobat Reader for Windows with java-script enabled is required to save and attach to e-mail)

Features:

- Tabulated options for an organized and standardized work-flow
- New more specific option codes which will appear on confirmations to improve customer / manufacturing communication
- Common special requests have been given option codes
- Built in exclusions to help eliminate errors
- Ability to save the form after it is filled out
- Ability to e-mail the form inside Acrobat Reader rather than saving a copy and attaching to an e-mail
- Ability to clear the entire form so it can be printed and completed by hand in the field when a computer is not available
- Ability to reset form to default selections

Invacare warrants the frames and forks when purchased new and unused to be free from defects in materials and workmanship for a period of three (3) years from the date of purchase from Invacare or a dealer, with a copy of the seller's invoice required for coverage under this warranty. Invacare warrants the upholstered materials (seat and back) and remaining components of this product when purchased new and unused to be free from defects in materials and workmanship for a period of thirteen (13) months from date of purchase from Invacare or a dealer, with a copy of the seller's invoice required for coverage under this warranty

EXCLUSIONS AND DEFINITIONS:

Top End Force RX Frame and Fork:	The Top End Force RX handcycle is made of 7005 series aluminum. An adjustable carbon fiber backrest and an adjustable bolt-on headrest are included. With a standard configuration the Force RX is 30 speeds and with eTap the bike is 22 speeds.
Assembled vs Unassembled and shipping:	If TE10046 (Unassembled) is selected the bike will require about 60 minutes of assembly upon delivery (instructions provided). If TE10047 (Assembled) is selected the bike will be fully assembled upon delivery. Shipping rate is $150 for all shipments in the continental US. Freight quotes for shipments outside the continental US are available upon request.
Wheel Sets:	Wheel sets include a front wheel, two rear wheels with axles, tires and tubes. Wheel sets are not able to be mixed and matched or broken out into individual wheel selections.
Tires:	Must choose the same size tires as wheels. Clincher wheels must have clincher tires and tubular wheels must have tubular tires.
Fork Style:	Fork adjustment range is about 19" to21.5" with a 26" front wheel and 20" to 22.5" with a 700c front wheels
Connected Footrests:	The connected footrests are not recommended for athletes under 5'8" (1.77m) and are not available with the disc brake (65082) or wide fork (75026) options.
eTap Electronic Shifting:	Triple chainring combination not available, must select double chainring options 65059 or 65106. Power Plate upgrade required.
Power Plates:	Required with eTap shifting package (65227)
Omit Wheels:	When an omit wheels option is selected the following will NOT be included. Front or rear wheels, tires, tubes, axles. When a shifting package is selected the cassette from that package will be included.
Wheelbase:	Wheelbase is measured from the middle of the rear axle to the middle of the front hub. When Standard length is chosen wheelbase will be 60" with a 26" front wheel and 61" with a 700c front wheel. When extended length is chosen wheelbase will be 61" with 26" front wheel and 63" with a 700c front wheel.
Braking Options:	The Tektro and Torq Lite braking packages include a caliper and cables for the hand brake lever included in the shifting package and flip lever parking brake assembly. The disc brake braking package includes a disc brake rotor, caliper, cables and a Tektro flip lever parking brake assembly.
Omit Shifting:	When omit shifting option is selected the shifter, chainring derailleur, cassette derailleur, cassette, friction shifter for brake caliper, chain and shifter cables will NOT be included. The handpedals and fork will be made at accept trigger shifter components mounted on the right handpedal. A hand brake lever, caliper and cables as well as a flip-lever parking brake will be included. The brand/style is determined by the braking option selected.
25 Degree Handpedal Angle:	Only available with the Apex fork mounted (65067) or the eTap (65227) shifting packages due to interference.
SRM Training System:	Only available with double chainring options. Not available with Triple chainring option 65104.
