

PROTEKT® 600 LIFT

33600 | BARIATRIC POWER PATIENT LIFT

The high-performance Protekt® 600 Lift is the perfect blend of form and function for safe and easy patient transfers. This electric-powered, high quality patient transfer system provides an efficient method to safely move patients, preventing patient and caregiver injuries. Designed with the facility in mind, the lift is capable of floor lifts and fits underneath most beds in the lowest position, making it the perfect solution for transferring patients in small rooms with low beds.

- **600 lb. weight capacity.**
- **6 point spreader bar allows for multiple sling options, safer patient handling and a wider range of transfers.**
- **Capable of lifting from the floor.**
- **Ergonomically designed foot pedal offers hands free opening of base.**
- **Manual emergency lowering provides safe response to power loss.**
- **Dual rear locking casters.**
