

# WheelChair Carrier

Taking you where you want to go . . .

## Lift 'n' Go (Model #210)

Now a *completely* powered electric carrier!

Presenting *WheelChair Carrier's* Model 210 Lift 'n' Go electric powered carrier. With a weight capacity of 350 lbs and a large usable platform of 28" X 48", this carrier is designed for 95% of all Scooters and Power Chairs manufactured today. Easy to use pushbutton operation to lower and stow away the platform makes this carrier one of the easiest to operate on the market today. Product is shipped from our manufacturing plant assembled and ready to install. We supply you with two bolted on Retractable ratchet straps for securing your chair. Available for Class 2, Class 3, Class 4 or Class 5 hitches. (Be sure to follow your hitch recommendations as to weight capacity.) Swing Away option sold separately.
