Accessorize for even more convenience

Anti-tips
Inserted into the rear frame of the chair, anti-tips will give you confidence and extra stability when climbing steep hills or curbs.

Extra Cushion
For times when your cushion becomes soiled or damaged, having an extra cushion prevents any delays in adventure!

Elevating Legrests
For clients requiring the elevation of their legs for various conditions.

Crutch Holder
An attachment that allows crutches to be carried on the back of the Elegance.

Step Tube
This easily attachable insert can be “stepped” on by a caregiver to help boost the chair and user up over a curb.
