

Sleep well tonight. Live better tomorrow.™

## 8Q Adjustable Foundation

Raise your head and feet into the relaxation or sleeping position of your choice. Unique head tilt feature adds precise neck and head support while bed alarm and under-the-bed nightlight enhance the sleep and wake experience.

### Technology

- Automatic safety stop upon weight overload
- Bluetooth module for controlling bed with Apple devices includes 'raise you awake' alarm function
- Remote stand with USB/AC outlets for charging laptop and phone
- Power down feature in the event of power loss
