About Reverie

Reverie is a leading manufacturer of adjustable foundations and latex mattresses. Founded in 2003, Reverie operates facilities in Michigan and New York, where production, distribution, and research and development take place. Reverie has over 130,000 square feet of manufacturing space in its U.S. facility in New York. Reverie is a leader and innovator in the sleep products industry, holding over 30 patents.

Our mission is to help the end consumer sleep better, live better and be happier by providing them with the highest quality products possible. We seek to provide not just adjustable foundations and sleep systems, but a means for living better. Our continuing quest is to open people’s eyes to the power of sleep.

A REVOLUTION IN BED DESIGN

The Reverie® Dream Sleep System™

Reverie’s® Dream Sleep Systems include a mattress with natural latex DreamCell™ support technology as well as an adjustable foundation with limitless sleeping and resting positions.

- A) Patented DreamCell™ support technology provides customized, individual support on both sides of the bed
- B) Soft, natural latex topper provides a layer of comfort
- C) Mattress cover made with breathable natural eucalyptus fiber
- D) Fits most standard bed frames, including those with headboards
- E) The Adjustable Foundation includes a quiet massage, adjustable legs and corner retainer bars that provide lumbar support

DREAM CELLS™ – THE KEY TO CUSTOMIZED SUPPORT

ELEVATED YOUR SLEEP WITH AN ADJUSTABLE FOUNDATION

- ✘ Because everyone is unique in body type, size and sleeping position, Reverie® mattresses provide individualized, customized support on both sides of the mattress.
- ✘ Our natural latex mattress materials are breathable, promoting air flow through the mattress. This breathability helps you sleep comfortably all night.

DreamCells™ are easy to change as support preferences change over time. Unzip the mattress cover to reconfigure.

DreamCells™ come in four different firmness levels, as illustrated by these weights. They can be configured in an almost infinite number of ways.

Reverie's® adjustable foundations provide unsurpassed quality, comfort and design.

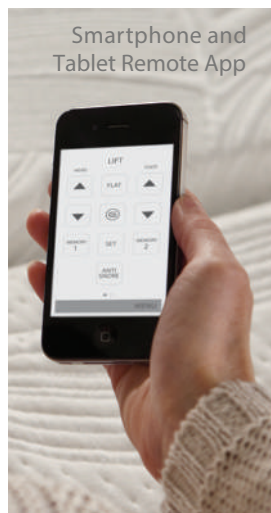

The Zero Gravity Setting

The Anti-Snore Setting

Remote and Stand

Smartphone and Tablet Remote App

- ✘ The Zero Gravity position simulates weightlessness, relieving lower lumbar pressure
- ✘ The Anti-Snore position helps to open breathing airways
- ✘ Relax tense muscles with a quiet full body massage
- ✘ Control the bed with wireless remote or with an app on your mobile device
- ✘ Adjustable leg height
- ✘ Fits most standard bedframes
