"Massage is one of the most useful and easily obtained forms of treatment in the field of physical therapy."

Ultra Ezz III Miracle Motion Massage

Ultra-Ezz Massage System is a dual operating system with one unit massaging your back and another your legs. This allows you to set the intensity of the **massage independently between the two areas**.

Ultra-Ezz Massage System quietly delivers "**Multi-Directional**" (Vertical as well as Horizontal) motion through it's 5 pound motors. This delivers a deeper massage allowing the body to relax and fall asleep faster.

Ultra-Ezz Massage System moves blood and fluids throughout your body and has been labeled as a **Class I Medical Device** because of it's benefits.

Ultra-Ezz Massage System has a timer which can be set for **multiple time segments** with automatic shut off.

Ultra-Ezz Massage System is **Exclusive to Med-Lift and Sleep Ezz products**.

Ultra-Ezz Massage System is also available in **Med-Lift Lift chairs**.
