

Invacare® Top End® XLT Handcycle

If recreation is your goal, the **Invacare® Top End® XLT Handcycle** is great fun and features low maintenance 7 speed hubs with reverse hands-on braking. Just get out there and go! All Invacare Top End recreation handcycles are equipped with a safety flag, full composite chain guard, cushion and seat/chest restraint, as standard, for extra value, comfort and safety.

The **Invacare® Top End® XLT Handcycle** is designed with the recreational handcycling enthusiast in mind. Equipped with seven speeds, the XLT handcycle will easily handle most terrain, whether it's riding around town or taking a spin in the country. The lightweight, oval tube aluminum XLT frame with chrome-moly steel fork features simple geometry for maximum stiffness and easy cornering. The seat and back are totally adjustable for a comfortable fit. The narrow rear-end enhances aerodynamics and the 15° of camber increases stability. If you want a great way to exercise, cross-train or just have fun, choose the XLT handcycle.

Model #: XLT
