

Owners and health care professionals trust LiftSeat

“After my second bathroom fall, I was afraid I’d have to leave my house. Now, with LiftSeat, I’m able to maintain my independence.

CHAR, 67, LIFTSEAT OWNER

“The LiftSeat is so discreet...and I love that I’m able to maintain my privacy.

BEN, 71, LIFTSEAT OWNER

“LiftSeat kept me from having to move to assisted living. It paid for itself in a month.

DOROTHY, 90, LIFTSEAT OWNER

“LiftSeat is really a key to increased independence and increased safety for many of our patients.

C. NEUMANN, OCCUPATIONAL THERAPIST

MADE IN THE USA

LiftSeat[®]
Powered toilet lifts

Safe, dignified bathroom support

Take back your independence and dignity

LiftSeat delivers safe, reliable and comfortable assistance to people who battle conditions that compromise their strength and need assistance getting on and off the toilet.

- ✓ Delivers safe, stable support
- ✓ Reduces the risk of falls and injuries
- ✓ Ensures privacy in the bathroom
- ✓ Prolongs ability to live at home

Trust the science used in hospitals and long-term care facilities

Every LiftSeat is powered by our patented **LiftTek™ Core Assistive Technology** to support the sit-to-stand (STS) motion path required for getting on and off the toilet. LiftTek is the result of ground-breaking research and product development focused on the biomechanics, kinematics and human factors related to toileting.

LiftSeat converts to a powered bedside commode with our washable bucket insert.

LiftSeat installs easily over your toilet – without attaching to or resting on the bowl.

Easy-to-use controls help you safely sit and stand.
