**Hydraulic Sit-To-Stand
Patient Lift with Electric
Upgrade**

Model: 34350HE

The Protekt® 350 Hydraulic Stand is Proactive's answer to at home safe patient handling. It is easy to maneuver, transport, and maintain while providing safe and secure patient transfers. Designed for patients who are partially weight bearing, cognitively motivated and need rehabilitation support. The hydraulic pump style provides a low-cost option for caregivers to easily care for patients. An optional electric kit upgrades the hydraulic system to a full powered electric lift.

- **Durable powder coated steel tube construction.**
- **Adjustable cushioned leg supports with lateral contours provide security and comfort.**
- **Low friction casters and wide push handle for easy movement.**
- **Manual open/close base legs.**
- **Retractable, non-slip footplate provides a stable base for transfers.**
- **Multi-function slings for transfers and toileting.**
- **Under-bed clearance of 4.5" allows use with most home care beds.**
- **Pump handle can rotate to either side for caregiver convenience.**
- **3" front casters/5" rear casters with locking brakes.**
- **Optional upgrade to battery power.**
- **350 lb. weight capacity.**

WARRANTY: Electronics 2 years
Frame 3 years
Battery 1 year
